Telescopic Drape Supports

UNIQUE HOOK DESIGN

END PLUG High impact polypropylene and heavy gauge zinc plated steel hook
Replacement End Plugs available - see page 12

TELESCOPIC DRAPE SUPPORTS				
Part #	Range	Collapsed Length	Stops at	Primary Use
TDS23	2' to 3'	2'0"	3'	Where shorter drape supports are needed (i.e. masking around poles & columns)
TDS35	3' to 5'	3'0"	5'	
TDS47	4" to 7'	4'2"	6' & 7'	
TDS58	5' to 8'	5'2"	8'	For boothing and backwall applications
TDS681	6' to 10'	6'2"	8' & 10'	
TDS 712	7' to 12'	7'2"	10' & 12'	
TDS8024	8' to 14'	8'2"	10', 12' & 14'	Supporting banner & lighter weight drape or screening
TDS9246	9' to 16'	9'2"	12', 14' & 16'	
TDS81	8' to 10'	8'0"	10'	3 pc - maximum pole lengths 49"

Note: Drape support can be used at any length between fully collapsed and maximum stop length. Units with collapsed length of 5' or longer can extend approximately one foot over maximum stop.

CROSSBARS

- 1 9/16" diameter outer aluminum tubing
- All tubing surfaces have protective clear anodized coating that keeps drapery clean
- Solid Telescopic Drape Supports available
- **Special Order Black Anodized TDS available for an additional cost (call for prices)**
